# Message from the Chairman

I am delighted to be able to share with you a number of exciting new initiatives at Celebrate WA.

Late last year our board was refreshed with the addition of some talented, energetic new members.

We have responded to market research, which suggested that we should engage in a more contemporary way with the whole community.

We have committed to ensuring our programs and activities:

- Recognise and reward excellence
- Engage younger West Australians
- Celebrate our people, our lifestyle and our potential in the most positive ways

We were delighted to receive a substantial increase in funding allocated to Celebrate WA in the 2011/2012 Budget and we thank the Premier and his Government for their support.

We are planning further changes to our flagship Citizen of the Year Awards and WA Week program, which we will announce later this year.

I would like to thank my fellow board members and staff for their enthusiasm and support over the past twelve months and look forward to an exciting future together.

Finally, our sincere thanks to Peter Fitzpatrick AM who retired late last year after 7 productive years as Chairman. Through his leadership Peter established the foundations for a strong and successful Celebrate WA.

Notes to the financial statements for the year ended 30 June 2011

#### Note 1: Statement of significant accounting policies

This financial report is a special purpose financial report prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act of Western Australia. The council has determined that the association is not a reporting entity.

#### Basis of Preparation

The financial report has been prepared in accordance with the requirements of the Associations Incorporation Act of Western Australia and the following applicable Accounting Standards:

AASB 101:	Presentation of Financial Statements
AASB 107:	Cash Flow Statements
AASB 108:	Accounting Policies, Changes in Accounting Estimates and Errors
AASB 110:	Events after the Balance Sheet Date
AASB 1031:	Materiality

No other applicable Australian Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

#### Reporting Basis and Conventions

The financial report has been prepared on an accruals basis and is based on historical costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following specific accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report:

#### (a) Going Concern

The financial statements have been prepared on a going concern basis. The association relies on the financial support of various funding bodies and where the support is not forthcoming, a going concern basis of preparation would not be appropriate.

#### (b) Income Tax

No provision for income tax has been raised as the association is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

#### (c) Inventories

Inventories are measured at the lower of cost and net realisable value.

#### (d) Property, Plant and Equipment (PPE)

#### Plant and equipment

Plant and equipment is measured on the cost basis less depreciation and impairment losses.

#### Depreciation

The depreciable amount of all fixed assets are depreciated on a straight line basis over their useful lives to the association commencing from the time the asset is held ready for use.

Notes to the financial statements for the year ended 30 June 2011

## Note 1: Statement of significant accounting policies (Continued)

#### (e) Leases

Leases of fixed assets, where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the association are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

#### (f) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled, plus related on-costs. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits.

#### (g) Revenue

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Sponsorship income and pledged donations are only recognised on receipt, unless the sponsorship amount is confirmed in writing and in the opinion of the Council is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

#### (h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

#### (i) Government Grants

Government grants are recognised as revenue in the period when control is obtained. If the revenue transfer is non-reciprocal, then grants are recognised on receipt.

#### (i) Provisions

Provisions are recognised when the entity has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### INDEPENDENT AUDIT REPORT TO THE MEMBERS OF CELEBRATE WESTERN AUSTRALIA (INC)

#### Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report of Celebrate Western Australia (Inc), which comprises the statement of financial position as at 30 June 2011, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the statement by members of the committee.

Council's Responsibility for the Financial Report

The Council of the association is responsible for the preparation of the financial report, and has determined that the basis of preparation described in Note 1 is appropriate to meet the requirement of the Associations Incorporation Act 1987 of Western Australia and is appropriate to meet the needs of the members. The Council's responsibility also includes such internal control as the council determines is necessary to enable the preparation of the financial report that is free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.
